

LMPOA
"Amigos"
by Betty Davidson

Would our homes and hearts be the same without our LMPOA “Amigos” present and past? I think not! We “shared” Cootie, a neighbor dog for several years: he heard the sound of our vehicles when we arrived, sneaked into our home on the 4th of July, would come from nowhere when I set off for the beach and ran with me. He never lap-sat and didn’t like petting but what a wonderful spirit to share our days. I dedicate this little profile column to Cootie and all the “Amigos” that grace our days in La Mision.

This first “Profile” is of the four Amigos residing with Charlie Wild and Janice Pearce. In fact, Charlie’s and Janice’s love and enthusiasm for their three dogs and one cat helped to spark the idea for this little newsletter feature. You might recognize Charlie’s skillful hand in the animals’ portrait and my “Heading“. Thank you Charlie!

About “knee high”, 10 year old Blackie is the “mom” in the house! She sets the mood for greeting and guarding anyone visiting or even passing by on any side of the house!

The word that best describes Poppy is simply Sweet! She looks just like a beagle rather than her mother, Blackie!

The little white fluff, Daisy, is the newest addition! Janice added her from Cindi and Bill’s Kirchoff’s twosome and quickly Blackie took over raising Daisy like a new puppy of her own. The illusive, playful, cat is Henley! You’ll see this lively trio (of pups) walking someone along Junipero Serra for their daily exercise!

Betty Davidson and son Norman* have had their home in La Mision since Jan 1, 2004 (*joined now by N’s new wife, Candice)
