La Mision Children's Fund

Muchas gracias!! FOR THE HELP THAT YOU CAN GIVE US

The greater La Mision community these days can celebrate all of the goodness and beauty that fills our hearts here, because of the warmth of Mexican families who open their arms to embrace and include us neighbors.

La Mision Children's Fund gives back to the local community in many ways and needs your help to continue its program. LMCF is a U.S. non-profit organization administered by your neighbors and operated by and for our community.

LMCF pays for kids to go to the local schools through BECA; it addresses hunger, which in some cases is even starvation, by distributing food staples to them and their parents and grandparents through the Nutrition Center; it gives support to Casa de Paz orphanage; and, has medical programs in the works.

Contributions will be adding to the food store-house of the La Mision Children's Fund. Many of your neighbors are already Angels for the Fund by sending in an amount they've set for themselves on a regular basis.

Indulge your compulsions, become a contributing Angel by signing up to pay forward the blessings you receive from being here, and make your promise of whatever specific, tax deductible amount you'd like, nothing is too large or too small, specifying if it's on a monthly, bi-monthly, quarterly, or even annual basis by sending a commitment note with a check made out to LMCF to our fund director:

Kathleen Dwyer
332 N. Canyon Blvd.,
Monrovia, CA 91016.

Call her at 626.303.4928 US,
volp 626.205.1953,
email your note to kdwyer@usc.edu,
or donate directly any time
at www.lamisionchildrensfund.org.

It's easier to operate a business, even a non-profit one, when you can forecast income for the next month through the next year, so join many of your neighbors, sign up and have the fun of following through regularly!
