

Newly opened  
Golf Course  
in La Mision?

# Newly opened Golf Course in La Mision?

## Yes, it is true.

The golf course will be for the use of community members and their guests. It is a par 3 course, has 4 holes with options of 9 different tee spots. You can toss a ball anywhere on the course and have a challenging chip shot. Shots are 60.80.120 and 150 yards. It is a hill course with lots of great exercise in walking the course.

## Rules are simple:

Pitching wedge up to a 8 iron can be used. No drivers or long range clubs please. Landing on sanded greens within the grip of the club is a hole in one. Any ball can be reset for second shot if not closer to hole. Hole is finished when ball is within a club length of bamboo. One hour session with only one group at a time. Always be aware of people on the road.

## Please contact:

Gene Grillo, developer and course manager, at 155-0054 prior to play.

Gene says he has plans to slowly expand until we have a par 4 hole. Contributions will be greatly appreciated for ongoing development and maintenance and to help with up keep and road repairs.
